

Corrigendum

Corrigendum to Ryuzo Kuroki, "Izumi Hishiyama and His Thoughts on the Circular Process and Prices of Production: The Journey of Economics from Quesnay to Sraffa," published in Vol. 56-2 (January, 2015).

The author found it imperative to correct an inaccurate expression in the above article after its publication. Considering the misleading nature of the inaccuracy, the editorial board permits him to correct it as follows.

The word "Communist Party" in footnote 4 on page 3 of the issue must be corrected to "Socialist Party." The author acknowledges his indebtedness to Professor Luigi Pasinetti for this correction.

The editor and author apologize for this error.
